The Grand Ledge Community Band was founded in 2009, and in the fifteen years since it has provided a performance opportunity for over 300 musicians of all ages and ability levels. There are no auditions required to join the band, which rehearses from 7-9pm each Wednesday at Beagle Middle School and presents five public performances during the school year. One of the band’s stated goals is to raise funds for local charities and community projects, and to date we have donated over \$25,000 to causes within our community.
